

# APPLYING SOMETHING FAMILIAR 1-SHEET

Materials:

Standard/Skill/Outcome \_\_\_\_\_

1

Let's test your knowledge of...

Take 1 minute to review your 1-sheet and then without looking at your sheet, share with the partner next to you what you know and what you have learned... (5 minutes)

2

Okay, let me review with you any fix-ups and important points before we move on. Let's add anything to our 1-sheet that is important from our review. (2-3 minutes)

3

Now we are going to pull all that we know together and you'll work on your own while I watch and support you.

Remember, here are the two things I am looking for as we apply this skill (Pull these from Step 3 on Practicing Something Known 1-Sheet)

- 1.
- 2.

4

Independent Activity #1 (10-15 minutes)

5

Independent Activity #2 (10-15 minutes)

6

Grades/scores/data I will collect during Steps 5 and 6 (20-30 minutes)

7

Let's do a quick review with your partner... (1-2 minutes)

- Review with the whole class any feedback given
- Clean up any tripping up points. Add notes to 1-sheet, as appropriate

8

Now that you have mastered this, you'll want to remember to use these skills... (3 minutes)
